District/Satellite offices  
All Flight Standards Regional and District Offices

Until the next revision of Order 8130.2, replace paragraph 192, titled *Issuance of FAA Form 8130-3, Airworthiness Approval tags for Class II Products, FAR §21.331*, with the following:

“Class II products must be identified with the manufacturer’s name, part number, model designation (when applicable), and serial numbers or equivalent (this includes but is not limited to batch numbers, lot numbers, work order numbers, and any number, letters, or mixture thereof, established by the manufacturer or repair station to maintain tractability of their products). Instructions for completing FAA Form 8130-3 are found in Order 8130.21 (latest revision). The following instructions should be followed before issuing the airworthiness approval..”

Please forward this information to all FAA designees authorized to issue airworthiness certificates. This clarification will be incorporated into the next revision of Order 8130.2. This memorandum has been coordinated with the Flight Standards Service. If there are any questions regarding this memorandum, please contact the Production and Airworthiness Certification Division,, AIR 200, at (202) 267-8361.
